Midwifery Beyond a Pilot Project

The *Midwifery Act* was proclaimed and came into force on August 12th, 2010. The implementation of midwifery began with one practice in Fredericton in 2017 and has since remained a pilot project for 7 years.

In 2021, the Department of Health announced the evaluation of the Fredericton Midwifery Program via a third party. A report was expected in mid-2022.

In the summer of 2023, a summary of the evaluation report was received by MCNB noting positive results, however, the full report has not been provided.

On September 6th, 2023, MCNB appeared before the Legislative Assembly's Standing Committee on Public Accounts with Kelly Ebbett Executive Director/Registrar, Bruce Robinson, Chair and Ursula Rinne, midwife member representing the Council.

On March 19th, 2024, Government included in their announcement of the upcoming 2024-25 budget, funding of \$562,000 to expand midwifery services.

MCNB is encouraged by the announcement, however, we have not had any discussions with the Department of Health or know what the intention is for where the pilot project stands. We do not know of the status of the evaluation report.

We remain ready and willing to assist the Department in any way it sees fit in bringing conclusion to the pilot and establishing Midwifery practice fully in New Brunswick.
